

# Training School Financial Information

God sometimes uses finances as a way to stretch our faith when we consider getting involved in His work. Experience has shown us that many people coming to a YWAM program lack good understanding of faith and finances. It is important to put our trust in God and believe He will provide for all of our daily needs, including tuition fees and outreach costs.

- **It is biblical.** There are a number of examples in Scripture that show where God has others provide for those in ministry “for His name’s sake.” Luke 8:1-3; Matt. 10:5-10; 2 Cor. 8:9; Phil. 4:15; 3 John 5-7; 1 Kings 17:8-16.
- **It promotes healthy and stronger relationships.** As we give to each other and pray for each other, we naturally gain a deeper friendship with that individual or group.
- **We learn to trust God more.** Leaning on God helps us to be more dependent on Him and more interdependently related to others.

The Biblical definition of faith from Hebrews 11:1 is “being sure of what we hope for and certain of what we do not see.” It is when we hear God’s word (Romans 10:17) and believe what God said will come to pass. We must also understand what faith is not.

- **Faith is not presumption.** In financial areas this is dangerous because it presumes God will provide money in an area He has not necessarily promised. If you are attempting to get to the right place at the wrong time, this may be the reason for a hold up on financial provision. If the timing is right then God will provide the necessary funds and orchestrate financial releases.
- **Faith is not wishful thinking.** It is not having faith in faith. Faith is not to believe something into existence that comes from Satan. Faith is always based on God’s character and His word that He has given us. It is to believe and trust that whatever God has promised will happen.
